SUMMER INTERNSHIPS: Software Development (2007) *Logos Research Systems* Bellingham, WA
Applied for and was chosen as one of three interns accepted into Logos' competitive summer internship program. Member of a development team working on the new version of Logos' core product, the Libronix Digital Library System. Made significant framework contributions to code.

Web Development (2006) *Dealer Information Systems* Bellingham, WA
Optimized code performance to increase web service speed by reducing the number of calls made to the server. Led personal networking between the interns through arranging lunches and idea exchanges.

PROFESSIONAL EXPERIENCE: Project Manager & Developer (2005-2007) *Gottathink* Lynden, WA
Managed three employees on web development projects – including a sales person, a developer, and a graphics designer. Met with clients to present our services. Then, managed project as it was developed and integrated feedback from clients.

Licensed Realtor (2004-2005) *Windermere Real Estate* Lynden, WA
Worked as an assistant Realtor to Ron De Boer. Became the youngest licensed Washington State Realtor which allowed me to list and sell properties. Setup systems utilizing technology to improve efficiency and enhance marketing.

IT Systems Administrator (2003-2005) *Family Care Network* Bellingham, WA
Worked part-time with the IT Director to maintain the network and implement an Electronic Medical Records system for twelve medical clinics and over fifty physicians and nurse practitioners.

Owner (2003-Present) *Covenant Design* Lynden, WA
Created over twenty websites and databases for clients. Partnered with graphic designers to create custom designs. Helped companies understand the value and possible functions of a website. Outsourced some work and also managed subcontractors.
